PROJECT

[Link] **CHATGPT Text Sentiment Analyzer - Streamlit app, OpenAI API, Python**

Retrieval QA Chain ChatBot Project - Streamlit app, OpenAI API, Python

Engineered a Retrieval-based Question Answering (QA) chatbot system, leveraging advanced natural language processing techniques. This chatbot is designed to retrieve precise answers from a knowledge base in response to user queries, enhancing information retrieval efficiency and accuracy.

Chatbot Development using Dialogflow (Google Cloud) - MySQL , FastAPI (Python) - HTML/CSS (for website integration)

Developed a chatbot for a fast food business to facilitate food ordering through the company website. Utilized Dialogflow, a natural language understanding (NLU) engine by Google Cloud, to create an interactive and user-friendly interface for placing orders and tracking order status. The chatbot seamlessly integrates with the company's MySQL database to store order information and provide real-time updates to users.

[Link] **Responsive E-commerce Website - Frontend & Backend Development (PHP, MySQLi)**

Seamless functionality for managing inventory, processing orders, user master, contact page , Login / Register.

[Link] **Responsive E-commerce Website - (Html, CSS , JavaScript , Bootstrap Framework)**

- From a captivating home page to a user-friendly cart system, my project encompasses essential sections like Home, Shop, Contact, About, Blog, and Cart catering to diverse user needs.

EDUCATION

Lahore/Pakistan

Lahore College for Women University - Computer Science **(CGPA: 3.5)**

Sep 2021-June 2025

- **Relevant Coursework:** Object Oriented Programming, Data Structures and Algorithms, Database, Operating System, Artificial Intelligence, Computer Networks.
- **Elective:** Descrete Structure, Numerical Computing , Calculus & Analytical Geometry, Mutivariate Calculus

CERTIFICATION

- [Python Certification] by Python Career Trainers
- [Machine Learning Certification] by Meritorium Knowledge Academy (India)
- [Deep Learning Certification] by Meritorium Knowledge Academy (India)
- [Internet of Things Certification]by Meritorium Knowledge Academy (India)

TEST SCORE

Score 71% marks in USAT (Undergraduate Studies Admission Test)
